Architecture and Philosophy: New Perspectives on the Work ...

One reason that architectural ethics is central to philosophy of architecture is that architects' actions bear great influence over other people's moral lives. Architects design structures and environments for people, with concomitant effects on personal behavior, capacity to choose courses of action, and ability to satisfy preferences, visit harm, generate benefit, or exercise

Philosophy and the Tradition of
Architectural Theory While philosophy of
architecture is relatively new as a
growing sub-discipline, we can look to a
two-millennia old tradition of theoretical
treatises in architecture (in the West;
other traditions are older still) as raising
key conceptual issues.
