The IB Mathematics curriculum change is significant. The 4 current subjects (Studies, SL, HL & Further) are being replaced by two "routes" that can be taken at either a Standard Level (SL) or Higher Level (HL). The two routes are "Analysis & Approaches (AA)" and "Applications & Interpretations (AI)".

You are writing for an audience of your skill level. You need to explain the math that is "IB level" but you don't need to explain Algebra 1, etc. When explaining your calculator use, don't tell me every button you push - give the big idea and assume the reader knows the calculator like you do. (In other words) BE CONCISE!

To be awarded an IB diploma, candidates must fulfill three core requirements, in addition to passing their subject examinations: Extended essay (EE). Candidates must write an independent research essay of up to 4,000 words in a subject from the list of approved EE subjects. The candidate may choose to investigate a topic within a subject they are currently studying, although this is not required.
