### Garden in the Woods - Native Plant Trust

The Wild Flower Society has been running since 1886 and proudly boasts a number of very eminent botanists and academics amongst its ranks with at least fourteen members having plants named after them. But there are also many enthusiastic, amateur flower-lovers who just come along to learn more about field botany and generally enjoy being outdoors with like-minded individuals.

### The Wild Flower Society - Index page 2020

We are the nation's first plant conservation organization and the only one solely focused on New England's native plants. More than a century ago, when ecology was a new word, our founders organized what is now called Native Plant Trust to stop the destruction of native plants. Today, as native plants face the greatest wave of threats since the last mass extinction, we are still a national leader in native plant conservation, horticulture, and education.
