Book Review: Statistical Methods, 8th Edition George W ...

This book is a solid introduction to applied statistics emphasizing computational statistics that can be done with a simple calculator. Because of the progress in speed and power of computers since the first edition in the 1970s, the book is behind in giving information on practical computation. (SLD) Note: Reviews "Statistical Methods" (eighth edition) by George W. Snedecor and William G. Cochran, Ames: Iowa State University Press, 1989.
