...

Understanding Rhetoric takes a rhetorical approach to the composition course, asking students to analyze the choices they and other writers make. The illustrations make challenging concepts (such as synthesis, ethos/pathos/logos, and a writer's identity) both clear and fun to read about, while visual reference features offer the quick help that student writers need.

Ultimately, Understanding Rhetoric appears to be the definitive homage to Scott McCloud’s Understanding Comics, the forbearer of teaching comics theory through the presentation of a comic book. While McCloud’s text provides a theoretical framework through which to study graphic works, Losh and Alexander have taken a step towards cementing comics as a means of practical and effective instruction in the composition classroom through the graphic format of their text.
